NO NOTICEABLE DEVELOPMENTS IN COKERS' WALKOUT

No Additional Plants Made Idle; Further Gains in Coal Loading.

SWARMS OF ORGANIZERS

Fill the Region, Four Different Companies Having Established Headquarters in Connellsville; Extensive Claims as to Number of Men Out

Aside from the fact that no additional coking plants have been made idle by a walkout of their employees and that further slight gains were made at some coal loading plants, the sympathy strike in the coke region is without any noticeable developments today.

The Lambert and Death plants of the H. C. Frick Coke Company, which were idle earlier in the week, had more men at work and made better runs yesterday than the day preceding and production on the limited scale continued at Buffalo, Pottsville and Filbert. Connellsville No. 1 and No. 2 were also at work and made better runs yesterday than the day preceding.

The situation at the independent operations in the Lower Connellsville district was without change. Siderite, rock, Hoover and Century in the Lehigh-Brownsville district at Washington Nos. 1 and 2 at Star Junction and Crystal in Springfield township are still in active coke production. In the Connellsville or Old East district north of Uniontown the only mine working on April 7 which has since been thrown idle by the strike is Monit Brook.

The coke region has become flooded with union organizers who are active in their efforts to induce unorganized men to quit work and also to organize locals. Connellsville has been made the headquarters of at least four different groups of organizers, hailing from the anthracite region West Virginia, Monongahela Valley and Ohio respectively. From here they go out in all directions make personal appeals to the men and address meetings.

Vice-President P. T. Fagan of District No. 5, United Mine Workers, who includes the Pittsburgh district, is making a tour of the region today and conferring with International Organizer Feeney and his aides. In a statement given out last night President Fagan claimed that 94 or 95 percent of the mines in the Lower Connellsville district have been closed and scores of locals organized who are active in the region. He said that he had been to a new district to be known as District No. 1. The claim of President Fagan that 25,000 or more men are idle is wide of the mark. Then it all the mines in operation in the Lower Connellsville district at the time the strike was inaugurated were closed down, it would mean that not over 5,000 men would be idle. The number of men employed at these plants on the recent scale of operations, not exceeding 10,000, in the Connellsville district is the only plant made idle by the strike at Mount Braddock where 200 men quit work.

Scouts Anxious to Hear From Farmers On Planting Trees

Troop No. 3 Boy Scouts will meet at the Y. M. C. A. this evening at 7 o'clock. The troop would like to hear from some one within a radius of 12 miles who would be the Scouts' first trees. The trees are white pines and it is the desire of the Scouts that this will be protected as far as it is within the power of the Scouts to do so. Those interested may communicate with Troop 3 at the Baltimore and Ohio Y. M. C. A. by phone or mail. The basketball team of Troop No. 3, winner in the Scout League, which did not lose a game during the entire season, is now planning to have a crack baseball team.

Coroner's Jury Censures B. & O.

MEYERSDALE, April 7.—A coroner's jury investigating the death yesterday morning of Mrs. Rufus M. Baughman and her son Rufus, who were run down by a Baltimore & Ohio freight train as they were crossing from the station to the westbound truck to board a train returned a verdict of accidental death and censured the railroad company for carelessness in not having the crossing properly protected.

Point Marion Dedication. The new Point Marion Episcopal Church at Point Marion, erected at a cost of \$75,000, will be dedicated on Sunday by Bishop Francis J. McConnell of Pittsburgh.

Little Boy Breaks Leg. Samuel Miller, a four-year-old boy of Adelphi, was admitted to the State Hospital yesterday for treatment of a fractured leg. The young boy fell off.

FIRST WEEK ENDS IN COAL STRIKE; GAINING, IS CLAIM

By Associated Press.

INDIANAPOLIS, April 7.—The first week of the nation-wide sympathy strike in the coal mines ended yesterday and was marked at union headquarters here by William Green, secretary-general, asserting that the strike is gaining strength in non-union fields, particularly in Pennsylvania and West Virginia. He said, however, he had no detailed figures adding that reports from the coal fields were going direct to President John L. Lewis.

Not the slightest suggestion of a change in the situation is apparent and none is to be expected until the operators meet the union conference and a wage scale is worked out, he declared.

E. L. CLEMMER IS NEW COUNTY ROAD ENGINEER

E. L. Clemmer of Uniontown, Pa., was appointed county road engineer and assumed his new duties at once. Mr. Clemmer has had wide experience in the engineering profession and was appointed upon high recommendation of his former employers. He was connected with the State Highway Department for five years and the county commission had letters from George H. Bliss, assistant state highway commissioner, endorsing Mr. Clemmer. Other letters were from the chief engineer of the Pittsburgh Steel Company, which Mr. Clemmer has been employed during the past two years, and from other prominent engineers. Mr. Clemmer served 10 years with the Pennsylvania Railroad and four years in connection with the Pennsylvania Electric and Gas Company. He has been active in local politics, having been a member of the county board of supervisors.

The commissioners held the salary of the new engineer at \$2,000 a month, the same as has been paid heretofore.

Lewis Attacks Watkins for Stand On Coal Strike

By Associated Press. NEW YORK, April 7.—Senator Lewis, Republican, today attacked the stand of John H. Watkins, Democratic, on the coal strike. Watkins, a Pennsylvania politician, had been active in the coal strike, but Lewis said Watkins' declaration of neutrality was a betrayal of the coal miners. Lewis said that Watkins' stand was a betrayal of the coal miners and that Watkins was a traitor to the coal miners.

In Appreciation—

April marks the birthday anniversary of the Aaron organization. We're 31 years old this month.

For 31 successive years we've had the privilege of serving the Homemakers of Connellsville and vicinity—an achievement that we are certainly mighty proud of. But to our hundreds of friends and patrons—who have in no small measure been responsible for our continued success—we feel that we owe them even more than words of appreciation and thanks can express for the patronage they have so generously favored us with in the past.

That's why we've arranged a special birthday celebration—which starts tomorrow and continues throughout the entire month of April. And during this celebration we're going to forget profits—we're going to offer for your approval our entire stocks (Victrolas, Whittall Rugs and Hoosier Kitchen Cabinets excepted) at exactly

One-Fourth Off

We have chosen this means of showing our appreciation in preference to others because we want YOU to benefit—we want YOU to share in our success in as great a measure as possible.

And this, we believe, will particularly appeal to you. Because it gives you the opportunity to purchase AARON QUALITY Furniture, Rugs, Carpets, Stoves and Homefurnishings at a reduction of exactly ONE-FOURTH from our already "lower-than-elsewhere" prices—enabling you to make your Home more comfortable and attractive at a saving that is really worth while.

Take Out Licenses Now, Is Plea of State Fish Commissioner

The Department of Fisheries calls upon all fishermen interested in the conservation of fish, and the work which the department is doing, to take out their fishing licenses now. Since the first of January it has been necessary for the department to depend upon the receipts from this source to operate its hatcheries and field force, and if the fishermen do not respond more readily to this license it will be necessary to curtail all work at the hatcheries, and lay off employees in all branches.

This law has been widely advertised since the first of January through associations, newspapers and officers, and it is the intent of the department to enforce the same to the letter. The trout season opens April 15 and officers are working in the trout counties, and will be there for several weeks. Sixty details of State Police and the services of the game protectors also have been secured. These officers will assist the department for several weeks, and will cover all the streams in the commonwealth.

Licenses can be secured from the county treasurer or from the Harrisburg office of the Department of Fisheries. The law provides that all citizens of the state of Pennsylvania, male or female, over 21 years of age must take out a license to fish or angle in any of the waters of this commonwealth.

Methodists Defeat Fayette Bakers and Retain Lead in "Y" League; Baptists Lose

Unity Fraternity Reserves Capture Second Contest, 44-28.

RACE FOR FIRST HONORS

By James M. Driscoll
Sporting Editor.

The Methodists maintained their lead over the Unity Fraternity Reserves in the "Y" League basketball game last night when their outfit won over the Fayette Bakers while the Reserves were defeating the Baptists. The M. E. aggregation showed a strong come-back in the second half of the game with the dough punchers and, quickly smothering a two-point lead maintained at the end of the first half by the Bakers, ran up a high total by dropping in goals from any position. The final result was 44-28.

The Baker forwards fell down in the second half and instead of making their guards stay with them, rather reversed the order, doing the guarding themselves. With their scoring machine slowed up, the Fayette's immediately slumped.

The Methodists fought desperately as it is necessary for them to keep on winning to retain the top position.

The line-up:

Methodists—44
Moore F. Johnson
Baker—28
Clark G. Sepp
Field goals—Henry 6, Moore 5, Trump 4, Bagley 3, Snyder 5, Clark 2, Johns.

Goal goals—Johns, 15 out of 29; Henry, 12 out of 30.

Referee—Wall.

In the second game the Unity Fraternity Reserves defeated the Baptists. The score was 44-23. The first half was a close contest, with the Baptists leading until the last minute of the game when it ran up a score, it is still in the running if the Methodists are taken over by the Bakers in the final game of the league season next Tuesday. The result of the game Tuesday, therefore, means much to the team. The Reserves will play the Baptists again on that date.

The line-up:

Reserves—44
Tussey F. Kregor
J. Driscoll F. Long
Morton C. W. Ball
Melnick G. Percy
MacDonald G. T. Ball

Substitutions—Stevenson for Percy, Wetherell for Long, May for MacDonald, Seaton for Morton.

Field goals—Henry 6, Seaton 5, Driscoll 4, Percy 3, Kregor 2, May, W. Ball, Stevenson.

Goal goals—Seaton, 8 out of 15; Kregor, 7 out of 22; Driscoll, 2 out of 3; Wetherell, 1 out of 3; Stevenson, 1 out of 1; Melnick, 0 out of 5.

Referee—Wall.

Crowds are beginning to pick up at the "Y" League games again. With the Methodists and Frats staging a hot fight for first place, and the league honors dependent on the results of the game next Tuesday, a big turnout is expected.

There will be a real basketball night at the "Y" next Friday evening when two boy teams selected from among the best 10 players in the Boys' League by Referee Eddie Wall will clash. This game will be a preliminary to the one between the pick of the "Y" League and the Scholastic Five, members of the former High School team.

The Connellsville Athletic Club, a new organization operating here in the interest of sports, will announce a new card tomorrow for its opening show on April 15. One of the best boxers in the fist world has been contracted with.

The Y. C. L. Girls of Mount Pleasant will be unable to play the Spaulding Girls basketball team this evening on account of injuries received by members of the team. The Lutescent girls' team has been secured to play in their place.

Uniontown Fans Will See Johnny Donnelly Fight

The first boxing show to be held at Gallatin Gardens, Uniontown, will take place there on next Thursday, April 13, when Johnny Donnelly, the pride of that city, will meet Bobby in a 10-round fracas. The boxers are in a weight in at 135 pounds.

Donnelly is well known to boxing fans throughout the country and has appeared here on several occasions. Ward is considered a tough opponent and, while Donnelly is confident of his ability to handle him, there are some who contend the county seat lad will have his hands full.

Myles M. Ball, a brother of the Uniontown fighter, is matchmaker for the Gallatin Gardens and the scrap next week is his maiden attempt in the new hall. A block of tickets has been placed on sale at the West Penn Billiard Parlors here.

D. Henry Highest Individual Scorer Among League Stars

A compilation of figures, secured from the results of all City League games, shows Dan Henry, captain and forward for the St. Vincent team of Leisouring, to be the leading scorer. He secured 142 points in the entire season, getting 22 field goals and adding to this 98 out of 147 attempts from the foul line.

Henry was followed by Hume of the Snyder quintet, who had 95 points for the season, scoring 14 field goals and 67 out of 93 attempts at fouls. Humberger of the Legion scored the greatest number of field goals, carrying 74. Miller of Trotter was next highest with 28.

The American Legion and the Unity Fraternity both got two men among the first 10 in high score percentages. St. Vincent had one the Snyders one, Captain one, B. & O. Clarks one, Casey one and Trotter one.

Moorman of Capetan, playing his first year of basketball, scored fifth. He got 15 field goals and bolstered this total by making 61 out of 101 foul attempts. The names of the first 10 high scorers in order follow: D. Henry Hume, Humberger Moorman, Hannigan, Brown, Pritchard, Driscoll, A. Smiley and Rufano.

RAMSEY MADE MANY RECORDS

Phenomenal Southpaw Had Brilliant Assortment of Curves and Drops in Pitching.

Tom (Tong) Ramsey, the phenomenal southpaw hurler of long ago, had many wonderful records to his credit of which he never realized the true importance or, seemingly, didn't care. Ramsey never knew how the score stood and invariably asked, "Who won?" This man Ramsey pitched such ball as batters seldom faced and pitched with the utmost abandon that one would be led to believe he was pitching to a lot of sand-lotters.

In the season of 1885 and 1887 Ramsey pitched over 120 games for the Louisville club of the American association. He was unbeatable in most of them and fanned over 900 batters in the two seasons. Strikeouts were as numerous as flies in June. It was down to the Southern league in 1886 that Ramsey pulled off some wonderful stunts. Pitching for the Chattanooga club of that old circuit Ramsey, in two games had entirely due to his phenomenal pitching the first baseman and catcher had off the pitchers. Of the 52 batters retired in the two games, (one of the games was an eight inning affair) Ramsey fanned 35 batters. The other 17 were retired by the first baseman on pop flies of the fair and foul variety.

STORIES OF GREAT INDIANS

By Elmo Scott Wilson
Copyright 1922, Western Newspaper Union

PHILIP OF POKANOKET, "TERROR OF NEW ENGLAND"

SHOULD the apologist for the Indians try to justify the red man's cruelty by citing cases of white barbarity, he need only refer to the case of King Philip of Pokanoket, chief of the Wampanoags. When he was killed the colonists treated his body as though it were the carcass of a wild beast. They beheaded and quartered him. They exhibited the head on a gibbet at Plymouth for 20 years, and they called the quarters on that one of his heads, mutilated by a hunting pistol, was given to Alderman, his slayer.

King Philip (Metacomb) was the second son of friendly old Massasoit but he had no love for the white men. He saw that unless their expansion was stopped his own race was doomed. So he began untangling the tribe of New England against them. The colonists suspected that he was preparing for war but he succeeded in deceiving them until June, 1675, when his warriors, contrary to his orders, attacked Swansea, Mass. Contentment at being no longer possible, Philip plunged into the conflict with savage fury. The next three months his warriors and their allies, the Narragansets, destroyed 12 of the 91 towns in New England.

The "Terror of New England" reached the peak of his career at the Battle of Bloody Brook near Deerfield where he killed 60 colonists. After that the star of the Wampanoag began to wane. Wamsamo, his sister-in-law, the "Squaw Sachem of Pocasset," who had led 800 warriors into the field to aid Philip, was killed by the colonists. One of his warriors, who had been cut off her head and set up on a pole at Taunton, Mass. Then the chief's wife and son were captured and sold into slavery in the West Indies. "My heart breaks now I am ready to die," said the great chief.

By now he, with only a few faithful followers, was fleeing from place to place like a hunted wild animal. One of his warriors, who had been cut off his head and set up on a pole at Taunton, Mass. Then the chief's wife and son were captured and sold into slavery in the West Indies. "My heart breaks now I am ready to die," said the great chief.

On August 12, 1676 the English surrounded the swamp where the Wampanoag had taken refuge. As they closed in they sighted their quarry speeding along a path one of the few avenues of escape from the swamp. Suddenly Alderman rose up before the fleeing chief. He fired and King Philip fell with two wounds in his breast. Alderman's gun had been double-charged—one bullet for his brother and one for himself.

Coke Trade Refuses to Be Perturbed Over Strike News Or Rumors From the Region

Sporadic Outbreaks Were Expected in the Non-Union Fields.

BETTER CAR SITUATION

AIM in Clearing the Market of Odd Lots of Spot Furnace Coke; Minimum for Regular Tonnage Now \$2.50; Foundry Demand Easing.

From The Weekly Courier
PITTSBURG, April 5.—There may be many developments in Connellsville coke and coke before the strike of the United Mine Workers is ended, but the first definite development in the market is a sudden improvement in the car situation, whereby loaded coal and coke does not press on the market as it sometimes does. This automatically the market has experienced a slight stiffening influence.

With a long drawn out strike in prospect at the union bituminous mines the railroads become quite indulgent in the matter of loaded cars and are indisposed to exact demurrage. As a result, the offerings of odd lots of spot furnace coke at \$2.55 have disappeared. Such coke, a feature of the market last week, was in small lots here and there. One could pick up some stray carloads at \$2.55, but would have to pay about \$3.50 for anything like a regular tonnage. This week the minimum of the market, as disclosed by actual transactions, is \$3.40, while the customary asking price is \$3.50.

Last Saturday, the first day of the strike at the union mines, brought no important news except advances in asking prices on non-union coal in Westmoreland county and in the Connellsville region. This week there have been strike news and strike rumors every hour, but the trade in Connellsville has been indisposed to attempt to draw any definite conclusions. It was fully expected that there would be sporadic outbreaks in the non-union fields, like Connellsville, on account of the work of union agitators for weeks past. Buyers of coal and coke have refused to be perturbed over strike news, insisting that they will not help the strike by bidding against each other for fuel here and there shipments of furnace coke against regular second quarter contracts have been restricted, and the operators affected have been picking up coke as it was offered, being willing to pay \$3.10 or \$3.50 but suggesting that for the general good of the iron and steel situation they would rather bank a few stacks than pay fancy prices. That there is much prospect of banking, however, may be considered very doubtful when it is noted that the Carnegie Steel Company after blowing in several additional furnaces in the past ten days bringing its active list up to 35 has scheduled six more furnaces for commission in the near future.

There is no contract furnace coke market at present. In the past few weeks some new contracts have been made and some old contracts have been renewed, at advancing prices up to \$3.50, but with the present mental attitude of both producers and consumers there is unlikely to be active negotiation, and uncovered requirements will be met by spot purchases or deals for short periods, a week or a month at a time.

Demand for foundry coke has eased off somewhat, as was to be expected in view of the general belief in the past couple months that foundries were stockpiling coke against possible trouble. Prices formerly asked for foundry coke are firmly held and sales are being made, but it takes longer to put through a deal. The market is quotable as follows:

Spot furnace \$3.40 to \$3.50
Spot foundry \$1.25 to \$1.35
Monthly average prices of spot and prompt coke since the first of this year have been as follows:

	Jan.	Feb.	Mar.	Apr.
Furnace	\$3.66	\$3.40	\$3.10	\$3.10
Foundry	1.33	1.30	1.25	1.25

W. P. Snyder & Company announce average prices of pig iron in March, computed from actual sales of Valley iron in lots of 1,000 tons or over, at \$19.88 for Bessemer and \$18 for basic. The Bessemer market opened the month at \$19.50, Valley and closed the month at the same figure, but between times there were some sales at loss.

The whole pig iron market is exhibiting a stronger tone. Prices are no higher, but figures formerly quoted as representing the general market are now absolutely adhered to at a minimum and all the furnaces are looking forward to advances in the

very near future. The first objective of furnacemen seems to be to get prices into their control again. They assert that for months past buyers have had nearly everything to say as to prices and sellers practically nothing. Accordingly no large advances are to be asked, even though it is claimed that present prices are below cost of production, but fractional advances will be tried, with the idea of showing that sellers can control their prices. All or nearly all the producers of basic iron insist that they will not quote below \$18.50, and predictions are made that the very next sale will be at this figure, which would represent an advance of 50 cents.

Foundry iron has been selling more freely in the past week and several producers intimate that they may advance asking prices 50 cents almost any day. The market remains for the moment at former figures, as follows:

	Jan.	Feb.	Mar.	Apr.
Bessemer	\$19.50	\$19.50	\$19.50	\$19.50
Foundry	18.50	18.50	18.50	18.50

These prices are f. o. b. Valley furnaces, freight to Pittsburgh being \$1.96.

Monthly average market prices of pig iron at Valley furnaces, have been as follows since the first of the year:

	Jan.	Feb.	Mar.	Apr.
Furnace	\$19.50	\$18.19	\$18.34	\$18.34
Foundry	18.40	18.00	18.02	18.02
March	19.02	17.89	18.87

Advice to Trout Fishermen To Be Printed Exclusively In The Courier Saturday

In Saturday's issue the Courier will give some expert advice on trout fishing. The article on trout fishing written by Kenneth Hall is well known. The story will be of value to many local sportsmen now located in Texas who love the sport but have never far away from a trout stream. Hall has been given an insight into the little-known trout fishing in Texas. The article is necessary to devote the trout for the scrappy trout tribe and in a and make it rise. The letter will be better to a friend in this city he tells printed in the sporting section of the of some of his favorite holes and Courier exclusively.

S. CONNELLSVILLE COUNCIL PLANS TO IMPROVE STREETS

Present Energies Will Be Directed Toward Better Drainage; Funds Short.

NEW LIGHTING CONTRACT

SOUTH CONNELLSVILLE, April 7.—Borough council is making plans to clean up every gutter and repair every road in the borough just as fast as it can get the money to do so. The street committee, composed of Walter Trevitt, William M. Griffiths and W. S. Shupe, will make a thorough inspection of every street. At the present time there is little money in the treasury, so in order to get the most good out of what there is council decided to clean the ditches and drain the roads. The stretch between Alshousey avenue and J. T. Evans street in Pittsburg street is about the worst in the borough it being almost impassable with horse and wagon. A number of people attended the council meeting and complained on the condition of the roads. One of two persons asked permission to make repairs near their properties when was granted.

The members of the board of health attended the meeting by request of council and told that it was up to them to have the borough cleaned up.

The new contract with the West Penn system was read. The old one had expired. Instead of \$0 candle power lights the West Penn will put in 100 candle power.

Council also fixed the bond for the new tax collector H. T. Robinson at \$5,500. The school board fixed his bond at \$20,000 and the county bond is \$10,000 making a total of \$35,500.

Beginning this month council will hold two meetings a month the first meeting being held on the first Thursday and the second on the third Monday. The matter for the borough will be read up at the next meeting.

Class Entertainment.
The Connelley Class of the Evangelical Church held its regular business and social meeting at the home of the teacher Miss Charlotte Hall Wednesday evening.

Daily Fashion Hint

A LITTLE GRAY DRESS
This frock manages to possess a great deal of simplicity by its very simplicity. The picturesque puffed sleeve that often takes the place of the wide sleeve in sport things is all at the wrist for this frock, and out in one with the yoke. Flannel is the material with an embroidery of red and black wool in a quaint cross stitch design.

R. S. Pierce leaving.
R. S. Pierce bought a firm in Maryland where he will move in the near future.

What Next?
Paris beauty doctors are now specializing in the reforming of women's legs. Two specialists in Rue de la Paix are winning fame by reducing the size of women's ankles and in creating the size of the calf. They have not as yet found a way to take the curve out of hawkes and some of the ladies of society there are hoping almost tearfully that something will develop in this direction.

Operation Could Not Have Saved Twins

This diagram shows why surgeons agreed that an operation separating the famous twins, Joseph and Rosa Blasek, could not have been successfully performed. Rosa died five minutes after Joseph had passed away. The twins had one abdominal cavity in common, which to break would have been fatal to both.

Guaranteed Stomach Remedy
Makes Big Hit in Connellsville

Dr. Orth's Stomach Remedy Now Being Sold by All Druggists
On the Square Deal Money Back Plan.

Go to your druggist, says Dr. Orth. If you are a sufferer from stomach trouble and get a handy form package of Dr. Orth's Stomach Remedy—remember the name. Take it according to directions, and if, after taking, you are not satisfied, you have done you no good, I don't want your money. Simply take the empty box back to your druggist and get your money back.

So, if you suffer from indigestion, dyspepsia, acidity, sour stomach, gas, heartburn, biliousness, and bloating after eating, headache, coated tongue, or pains in stomach and side, go to your druggist, at once, and get a box of Dr. Orth's Stomach Remedy, and when you start to take it, realize that you are taking the prescription of a physician who practiced medicine in the States of Pennsylvania and Ohio for 50 years, and that in those years he successfully treated thousands of cases exactly like yours.

At the Theatres

THE SOISSON.

"A MIDNIGHT BELL," featuring Charles Ray, is the leading attraction today and tomorrow at this theatre. Judging from the numbers who saw the picture at the first performance, Ray's following is growing with amazing rapidity, and they represent all ages, sexes and walks of life. This First National attraction is one of the best things that Ray has done, and it demonstrates his versatility. The story is based on the famous Charles Hoyt stage play, and leads itself perfectly to picturization. The audience sat spellbound during the showing of the film, and there were many gasps as the star went through his usual dangerous performances, in which he shows little regard for his skin. The picture is a mixture of drama and comedy and is highly entertaining throughout. The story opens with Ray as Martin Tripp, a traveling salesman, trying to sell rubber heels to the proprietor of the general store in a small town. His boyish enthusiasm and attempts to sell the storekeeper are amusing bits of characterization. It is almost as hard for the storekeeper to convince him that he doesn't want any rubber heels as it is for Ray to make a sale.

THE PARAMOUNT.

"THE CALL OF HOME" is one picture in a thousand. It tells the life story of a man who deserted all he held dear because he thought the one woman was unfaithful. Unfolding a story of intense dramatic interest, the picture provides its biggest thrills, however, through its big flood scenes, which excel in realism and scope anything of this kind ever flashed upon the screen. A swollen stream overruns its banks and goes on a rampage, spreading death and destruction for miles about. A whole village is engulfed in the raging waters and a big statue dam is crushed. Still another big thrill comes when Ramsey Wallace, as the hero, is pitched headlong out of a canoe as the raft craft goes over a waterfall and is shattered on the rocks below. Wallace risked his life several times during the filming of the picture and his daring exploits make wonderful entertainment. In the cast are such players as Irene Rich, Leon Barry, Wallace Ramsey, Jobyna Ralston, Carl Stockdale, Sidney Franklin, Margaret Mann, Wade Harris, Emmett King and others. The picture will also be shown tomorrow.

THE ORPHEUM.

"THE JUCKLINS," the feature picture today and tomorrow, presents

Bumstead's Worm Syrup

"To children an angel of mercy." Where diarrhoea and worms are the cause of suffering, Bumstead's Worm Syrup is the only remedy. It contains full dose. Stated after years' test. Sold everywhere or by mail, 50c a bottle. Pat. O. A. Voorhes, M. D., Philadelphia.
